— MANA POOLS

THE PARK

MANA POOLS

Mana Pools National Park is a breathtaking jewel in northern Zimbabwe, a UNESCO World Heritage site where the untamed spirit of nature reigns supreme.

Imagine wandering through this raw wilderness, where the dramatic scenery of the Zambezi River unfolds before your eyes in stunning vistas that seem to stretch into eternity.

As you embark on thrilling walking and canoe safaris, the thrill of encountering concentrated wildlife becomes an exhilarating reality—especially during the dry season from June to October when life gathers around its precious water sources.

The park's four iconic permanent pools—Green, Chisasiko, Chine, and Long Pool—transform into vibrant hubs teeming with vast herds of elephants and buffalo that roam majestically against this backdrop of wild beauty.

Here, every moment pulses with excitement as predators lurk nearby, their presence adding an electric tension to your adventure amidst this pristine landscape where every rustle in the underbrush hints at stories waiting to be discovered!
